

Best Practice-1

Title of the practice:

Green Audit

Objective of the practice:

To promote the environment management and conservation of resources in the institution

Context:

It is a part of social responsibility of the HEI to ensure that it contributes towards the reduction of global warming through Carbon footprints reduction measures.

The practice:

It is compliance with the context that the Institution has been responsive in implementing green practices, e.g. green plantation, rain water harvesting structures, wet-dry waste management, e-waste management and energy conservation. It also conducts various activities to promote awareness under the aegis of IQAC, Campus Development committee, NSS and NCC.

Evidence of Success

The Green Audit is planned and organised by IQAC. The outcomes are reflected in Green Auditor's report and the certificate stands testimony to the effectiveness.

Problems encountered and Resources Required:

The problems encountered in implementing additional practices are limited to space and time.

Best Practice-2

Title of the practice:

Academic and Extension Enrichment Activities

Objective:

To inculcate competitive spirit, leadership, meticulousness, cooperation and team spirit and develop their inner talents.

Context:

Academic and extension activities give opportunities for meaningful learning, develop multiple skills in students and prepare for future thus helps in holistic development of the personality.

Practice:

Due to Covid -19 pandemic almost all the activities were carried out on online mode.

Evidence of Success:

Academic and extension activity committees organise various programmes for the holistic development of the students. Subject experts were invited to enhance their learning process and thus learn beyond subjects. Students also learn cultural values, skill development and social interaction.

Names of the Committees	Nos. of Activities	Participants
